

# MedX Health to Present at the Planet MicroCap Virtual Event on April 22, 2021

MISSISSAUGA, ON / ACCESSWIRE / April 20, 2021 / [MedX Health Corp.](#) (TSXV: MDX) (“MedX” or the “Company”), a global leader in teledermatology, will present at the Planet MicroCap Showcase: VIRTUAL on Thursday, April 22<sup>nd</sup> at 12:00 PM EST.

Mike Druhan, President of Dermatology Services, will present at the event, outlining MedX’s vision for scaling access to its unique dermatological image capture technology and its fully integrated telemedicine platform, DermSecure®. Unlike other teledermatology screening tools available, MedX’s DermSecure® Screening Platform features high-resolution image capture technology for moles, lesions and other skin conditions, providing a complete, virtual dermatological assessment by a certified dermatologist within just 72 hours.

To access the live presentation, please use the following details:

## About MedX

MedX, headquartered in Mississauga, Ontario, is a leading medical device and software company focused on skin health with its SIAscopy® on DermSecure® telemedicine platform, utilizing its SIAscopy® technology. SIAscopy® is also embedded in its products SIAMETRICS™, SIMSYS™, and MoleMate™, which MedX manufactures in its ISO 13485 certified facility. SIAMETRICS™, SIMSYS™, and MoleMate™ include hand-held devices that use patented technology utilizing light and its remittance to view up to 2 mm beneath suspicious moles and lesions in a pain-free, non-invasive manner, with its software then creating real-time images for physicians and dermatologists to evaluate all types of moles or lesions within seconds. These products are Health Canada, FDA, TGA and CE cleared for use in Canada, the US, Australia, New Zealand, the European Union, Brazil and Turkey. MedX also designs, manufactures and distributes quality photobiomodulation therapeutic and dental lasers to provide drug-free and non-invasive treatment of tissue damage and pain.
