MedX Health Corp. announces Second Quarter 2019 Results

Mississauga, ON, August 28, 2019 – MedX Health Corp. (“MedX” or the “Company”) (TSX-V: MDX) announced its results for the three and six-months ended June 30, 2019, which are also available on SEDAR (www.sedar.com).

The Company reported revenue of \$259,108 for the three months ended June 30, 2019, compared with revenue of \$405,707 for the three months ended June 30, 2018. Revenues from the Company's therapeutic laser line of \$233,395 were 20% higher than in the prior year. SIAscopy revenues of \$25,713 were lower than the 2018 three-month period. The Company reported a loss for the three months ended June 30, 2019 of \$721,142 or \$0.01 per share compared with a loss of \$1,579,245, or \$0.01 per share for the three months ended June 30, 2018.

The Company reported revenue of \$443,909 for the six months ended June 30, 2019, compared with revenue of \$631,829 for the six months ended June 30, 2018. Revenues from the Company's therapeutic laser line were up 3% for the six-month period, while SIAscopy revenues were lower than the prior year. The Company reported a loss for the six months ended June 30, 2019 of \$1,509,243 or \$0.01 per share compared with a loss of \$2,251,397, or \$0.01 per share for the six months ended June 30, 2018.

“We are pleased to report that we experienced strong sales of our therapeutic laser products in the most recent quarter over the prior year, and up 40% over Q1,” noted Scott Spearn, CEO of MedX. “Sales of our lasers have also moved ahead of last year for the six-month period. As regards our SIAscopy™ products, our Brazilian distribution partners are expecting regulatory clearance in the near future and have initiated a premarketing campaign with the education of 45 sales representatives on our SIAscopy™ on DermSecure™ platform. We are also seeing opportunities for our DermSecure™ telemedicine platform moving closer to test programs and soft launches in a number of markets in 2019, which could provide significant revenue growth going forward, as well as deliver the benefits of shortening wait times, saving lives and lowering costs to the health care system.”
